Dear Ioannis Melidonis:

My office has received a request for the review of a vessel owned, operated or managed by your organization in order to assess its eligibility for the Qualship 21 Program. We have completed our review and would like to congratulate Estoril Navigation Ltd. on the approval of the BLUE RIVER (9247821) for entry into our quality shipping program.

Further information on our Qualship 21 Program, including the eligibility criteria, can be found on our website at: <http://www.uscg.mil/hq/cgcvc/cvc2/safety.asp>. If you feel that more of your vessels meet these eligibility requirements, please submit your request utilizing the tools on the website.

You should know that less than ten percent of all foreign-flagged ships that operate in the United States meet the eligibility requirements of this program, putting your qualified vessel in an elite class. This is a remarkable accomplishment and I applaud the efforts of your organization and the master and crew of the qualified vessel for setting such a high standard of excellence.

In recognition of this superior achievement, the U.S. Coast Guard has provided a Qualship 21 certificate for the BLUE RIVER.

Once again, congratulations for your exceptional commitment to quality.

Sincerely,
